PhotoDemon - photo editor

PhotoFilmStrip - photo slide show creator

PhotoFiltre - image editing and effects

PicPick - screen capture, editor, color picker, and more

PngOptimizer - image converter and optimizer

RawTherapee - advanced raw image processor

ScreenToGif - Screen/webcam recorder and editor

ShareX - Screen capture, file sharing and productivity tool

Smart Deblur - sharpen out of focus and blurry images

XnView - view, organize and convert photos

XnView MP - view, organize and convert photos

Internet

aMSN - chat and video chat on MSN/Windows Live

DamnVid - video downloader and encoder

Ekiga - softphone, video conferencing and chat

Falkon - web browser

Feed Notifier - RSS/ATOM popup feed notifications

FeedRoller - RSS/ATOM desktop ticker

FileZilla - the full-featured FTP client

Free Download Manager - download manager and optimizer

Google Chrome - fast, simple, themeable browser

Gopherus - Console gopher client

gPodder - podcast receiver and manager

HexChat - customizable IRC chat client

Instantbird - customizable instant messaging on AOL, Facebook, Google, MSN and more

Iron - advanced web browser

Isotoxin - multiprotocol secure chat

Juice - podcast receiver and manager

K-Meleon - lightweight, customizable browser

KiTTY - telnet and SSH with added features

KVIrc - full-featured IRC chat client

Lagrange - Geminispace browser

LibreWolf - web browser

Links - text-based browser

LAN Messenger - peer-to-peer LAN chat and file transfer

Lynx - text-based browser

Maxthon - fast, powerful browser

MicroSIP - lightweight SIP softphone

Miranda IM - chat with AOL, MSN and Yahoo users in a customizable interface

Miranda NG - multi-protocol instant messaging

Mozilla Firefox, Edition - the award-winning web browser that's safe and secure

Mozilla Firefox Developer Edition, - browser with built in development tools

Mozilla Thunderbird, Edition - the handy email client

Mumble - voice chat

Nvu & **KompoZer** - the easy-to-use webpage editor

Opera, Edition - lightweight, customizable browser

Opera GX, Edition - customizable gaming browser

Opera Mail - lightweight email client

Otter Browser - customizable web browsing

PChat - full-featured IRC chat client

Pidgin - chat with AOL, MSN and Yahoo users in an easy-to-use interface

PopMan - lightweight email notifier

Private Browsing by Apps.com - enhanced private browsing

PuTTY - lightweight telnet and SSH client

qBittorrent - lightweight bittorrent client

qTox - secure instant messaging

QuiteRSS - Standalone RSS feed reader

QupZilla - lightweight web browser

QuteCom - softphone, text, audio and video chat

RetroShare - secure communication suite

RSS Guard - RSS/ATOM feed reader

SeaMonkey, Edition - complete internet suite (browser, email, chat, newsgroups)

s - assists with using Skype portably

Sylpheed - lightweight email client

Telegram Desktop - secure instant messaging

Transmission - fast, easy, free bittorrent client

TweetDeck - twitter client

uGet - lightweight download manager

µTorrent - lightweight bittorrent client

WackGet - simple download manager

Whalebird - Mastodon, Pleroma, and Misskey social media client

WinSCP - SFTP, FTP and SCP client

WinWGet - take and manage your downloads on the go

wxDownload Fast - multi-threaded download manager

Music \ Video

AIMP - Music player, library, converter and more

Audacity - A simple audio editor and recorder

AutoDrum - automatic drum accompanist

Avidemux -simple video editor

CDex - cd audio extraction and conversion

cdrtfe - CD, DVD, VCD burner

CoolPlayer+ - Lightweight, fast, easy-to-use audio player

DVDStyler - DVD menu authoring tool

fre:ac - extract, convert, and encode audio

InfraRecorder - full-featured CD and DVD burner

LameXP - audio converter

LMMS (Linux MultiMedia Studio) - music creation and production

Lossless Cut - lossless video and audio cutter

Media Player Classic - Black Edition (MPC-BE) - Lightweight media player

Media Player Classic - Home Cinema (MPC-HC) - Lightweight media player

MediaInfo - media information utility

Mixxx - virtual DJ mixer

Mp3splt-gtk - mp3, FLAC, and ogg splitter

OBS Studio - live streaming and recording software

OpenShot - full-featured video editor

MusicBrainz Picard - audio file tagger

Paul Stretch - extreme audio stretching

PotPlayer - hardware enhanced media player

Qmmp - Lightweight audio player

Shotcut - full-featured video editor

SMPlayer - Full-featured movie player with support for most video formats

TAudioConverter - audio converter and cd extractor

TEncoder Video Converter - convert, rip, and download video

VirtualDub - video processing and capture utility

VLC Media Player - An easy to use media player that plays many formats

WaveShop - bit-perfect audio editor

winLAME -multi-format audio converter

wxMP3gain - MP3 audio normalizer

XMPlay - Full featured audio player and library

Office

A Note - lightweight sticky notes

AbiWord - a lightweight word processor compatible with Microsoft Word files

Apache OpenOffice - word processor, spreadsheet, presentations with Microsoft compatibility

BabelPad - Unicode word processor and text editor

Bitcoin Core - the original cryptocurrency

calibre - ebook manager and viewer

Cherrytree - hierarchical note-taker and organizer

CintaNotes - lightweight note-taker

CuteMarkEd - simple markdown editor

Dia - full-featured diagramming tool

Dogecoin Core - cryptocurrency preferred by shibes

Evince - document viewer (pdf, ps, djvu, tiff, dvi)

Finance Explorer - personal financial management

FocusWriter - distraction-free word processor

Foxit Reader - small and fast PDF reader

GnuCash - accounting, expenses and financial management

Gnumeric - full-featured spreadsheet

Jarte - lightweight, tabbed word processor

KchmViewer - full-featured CHM viewer

KeepNote - note taking and organization

LibreOffice - word processor, spreadsheet, presentations with excellent compatibility

Litecoin Core - cryptocurrency

Monero - private, decentralized cryptocurrency

Money Manager Ex - easy-to-use personal finance software

Mozilla Sunbird, Edition - Calendar and task management with a familiar interface

Mozilla Thunderbird, Edition (Address Book) - Email client's full featured address book

PDF Arranger - Merge, split, and re-arrange PDF files

PDFTK Builder - split, collate, watermark and password protect PDF documents

PDF-XChange Editor - PDF editor and viewer

PDF-XChange Viewer - PDF viewer

PNotes - sticky notes to go

PNotes.NET - sticky notes manager

Qalculate - multi-purpose calculator

QOwnNotes - markdown note-taker

RedNotebook - modern journal and diary

Scribus - desktop publishing

Sigil - WYSIWYG ebook editor

SpeedCrunch - an intuitive algebraic calculator

Stickies - lightweight sticky notes

Sumatra PDF - PDF, Comic Book, and E-book Reader

Task Coach - to do list and task manager

The Guide - two-pane outliner

WinDjView - a lightweight DjVu viewer

Zettlr - modern markdown editor

ZoomIt - live screen zooming and annotation

Zotero - digital research organize

Security

ClamWin - Antivirus on the go

Emsisoft Emergency Kit - virus and malware scanner and remover

Eraser Classic - securely delete files and data

Eraser .Net - securely delete files and data

EraserDrop - easily secure-erase files and data

GPG Plugin - GnuPG encrypt and sign utility

HijackThis - Browser hijack scanner

Kaspersky TDSSKiller - Rootkit remover

KeePass Classic Password Safe - Secure, easy-to-use password manager

KeePass Professional Password Safe - Secure, easy-to-use password manager

KeePassXC - Full-featured password manager

McAfee Stinger - Common antivirus and 'fake alert' remover

mss - Microsoft Safety Scanner launcher

Password Gorilla - Secure password manager

Password Safe - Secure password manager

PeerBlock - firewall based on IP blacklists and whitelist

PWGen - Secure password generator

Spybot - Search & Destroy - Spyware detection and removal

VeraCrypt - free disk encryption

2X Client - remote server and RDP access client
7-Zip - File archiver and compressor
 Ant Renamer - Advanced file renaming utility
 AquaSnap - Screen productivity enhancement
Autoruns - configure autorunning apps and more
 BabelMap - Unicode character browser
 balenaEtcher - flash OS images to SD cards & USB drives
 BleachBit - cache, temp file and history cleaner
 BOINC - help science research using your computer
 CamStudio - screen recorder and video producer
 cc - assists with running CCleaner® portably
 Checksum Control - create and verify MD5/SFV checksums
 Clicky Gone - easily hide running windows
 Colour Contrast Analyser - analyze color contrast & readability
 Command Prompt - Simple link to a customizable command prompt
 Console - console window enhancement
 ControlPad - Run commands and apps with your numeric keypad
 Converber - convert units of measurement
 ConvertAll - convert units of measurement
 Cook Timer - simple countdown timer
 CopyQ - clipboard manager with advanced features
CPU-Z - system profiler
 CpuFrequenz - CPU load and frequency utility
CrystalDiskInfo - disk health monitoring tool
 CrystalDiskMark - disk benchmark utility
 CubicExplorer - advanced file manager
 Daphne - process explorer, killer and debugger
 DebugView - system debug output monitor
 dfg - defragment disks with Defraggler®
 Diffpdf - compare PDFs textually and visually
 Disk Cleaner - cache, temp file and history cleaner
 DiskMon - disk activity monitor
 Ditto - clipboard manager and extender
 DM2 - window control enhancer
 Don't Panic! - one-click application hider
 Don't Sleep - PC sleep prevention utility
 dotNETInspector - show which .NET frameworks are installed
 DTaskManager - advanced task manager
 DUMo - update local drivers
 DSynchronize - directory synchronization
 Duplicate Files Finder - find and remove duplicate files

Utilities

DynDNS Simply Client - update DynDNS hostname IP
 Everything - local file and folder search
 Explorer++ - multi-tab file manager
 FastCopy - fast file copier and remover
 FileAlyzer - detailed file analysis
 FileOptimizer - File compressor and optimizer
 FileVoyager - full-featured file manager
 Folding@home - distributed computing project
 FontForge - Outline font editor
 FontViewOK - font visualization and comparison
 FreeCommander - easy-to-use windows file manager
 FreeFileSync - file and folder synchronization
 FUPX - advanced executable compression
 GeekUninstaller - local software uninstaller
Ghostsript - Postsript and PDF interpreter
 GPU-Z - graphics system profiler
 grepWin - regular expression search and replace
 Gridy - snap your open windows to a grid
 HDHacker - MBR and boot sector manager
HWINFO - software/hardware info
 HWMonitor - hardware monitor
 IObit Uninstaller - uninstaller and cleaner
 IObit Unlocker - unlock undeleteable and unmovable files
 jdk - Java Development Kit (JDK) made
 JkDefrag - Disk defragmentation and optimization
 j - Java runtime environment (JRE)
 j Browser Switch - Enable or disable j's Java browser plugin
 j Launcher - Run Java JARs portably
 KCleaner - local PC cleaner
 Lightscreen - easy to use screenshot tool
 Listary - find-as-you-type search for Windows Explorer and more
 OpenJDK - Java development kit
 PCI-Z - pci devices profiler
 PeaZip - Easy to use file archiver and compressor
 Apps.com AppCompactor - shrink apps without affecting functionality
 Apps.com Backup - integrated backup utility bundled with the platform
 Apps.com Menu - integrated start menu bundled with the platform
 PortExpert - port monitor
 PrivaZer - PC cleaner and privacy tool
 Process Explorer - task manager and process analyzer
 Process Hacker - advanced task manager
 Process Monitor - real-time file, registry and process monitor
 Q-Dir - quad pane file manager
 QwikMark - quick system benchmark
 RAMMap - physical memory usage analyzer
 Rapid CRC Unicode - CRC/MD5/SHA hashing
 RBTray - minimize apps to the system tray
 rcv - file recovery with Recuva®
 RegAlyzer - registry editor
 Regshot - registry and file comparison
 ReNamer - powerful file renaming tool
 Resource Hacker - binary resource editor
 Revo Uninstaller - easy to use uninstaller
 RisohEditor - binary resource editor
 Rufus - format and create bootable USB drives
 Shortcuts Search And Replace - Search and adjust shortcut paths
 SIW (System Information for Windows) - software/hardware info
 Smart Defrag - disk defragmentation and optimization
 SnapTimer - countdown timer
 spec - system information tool with Speccy®
 SpeedyFox - speed up Firefox, Thunderbird and more
 SSD-Z - SSD information tool
 Startup Sentinel - local startup manager
 SUMo - update local apps
 Synkron - file and directory synchronization
 System Explorer - task manager and process analyzer
 TCPView - TCP connection analysis
 TeamViewer - remote PC support and screen-sharing

Texter - text substitution utility
 Textify - text capture and translation utility
 TidyTabs - tabbed window manager
 TinyTask - simple macro record/playback
 Toucan - backup, sync and encrypt for advanced users
 TreeSize Free - disk usage analyzer and cleanup tool
 TyperTask - text substitution utility
 UNetbootin - create bootable Linux USB drives
UltraDefrag - Disk defragmentation and optimization
 UUID-GUID Generator - generate unique identifiers
 Ventoy - bootable USB creator
 Virtual Volumes View - drive and disk cataloger
 VirtuaWin - virtual desktop manager
 VMMMap - process memory analyzer
 WhatChanged - registry and file change tracker
 WhoDat - WHOIS lookup client
 WhyNotWin11 - Windows 11 upgrade readiness utility
 WinCDEmu - cd/dvd/BD emulator and ISO mounter
WinDirStat - disk usage analyzer and cleanup tool
 Windows Error Lookup Tool - find windows error code details
 WinFile - classic Windows file manager
 winMd5Sum - check md5 sums to verify files on the go
 WinMTR - network diagnostic tool
 WinMerge - file comparison and merging
 WinMerge 2011 - file comparison and merging
 WinObj - NT Object Manager Viewer
 WinPenguins - penguins running around your desktop
 Wise Data Recovery - data and file recovery
 Wise Disk Cleaner - disk cleaner and defragmenter
 Wise Duplicate Finder - duplicate file finder
 Wise JetSearch - locale file search tool
 Wise Program Uninstaller - local software uninstaller
 Wise Registry Cleaner - registry cleaner and optimizer
 WizFile - fast file and folder search
 WizTree - disk space analyzer
 Workrave - repetitive stress injury prevention
 Xenon File Manager - file browser
 XN Resource Editor - lightweight binary resource editor
 xpy - system settings tweaker
YUMI - multiboot USB creator
 YUMI-exFAT - multiboot USB creator
 YUMI-UEFI - multiboot USB creator
 Zint Barcode Studio - barcode generator
 ZSoft Uninstaller - uninstaller and cleaner

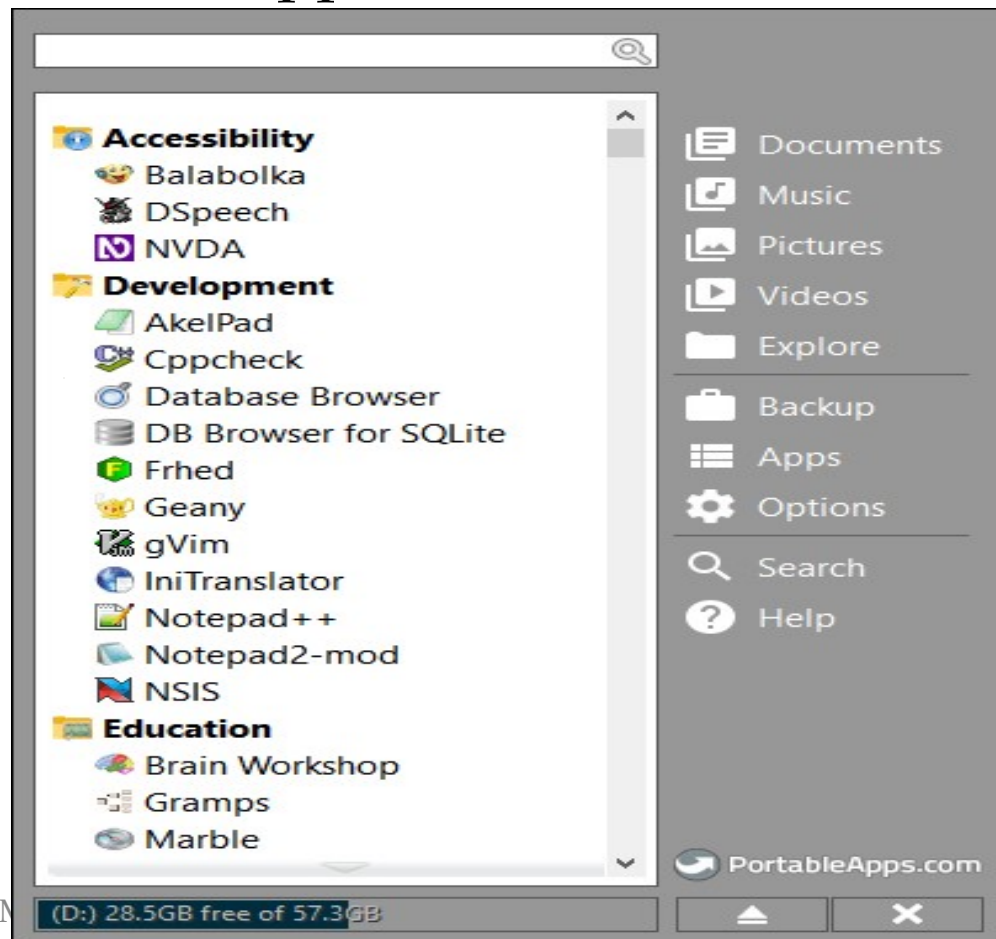

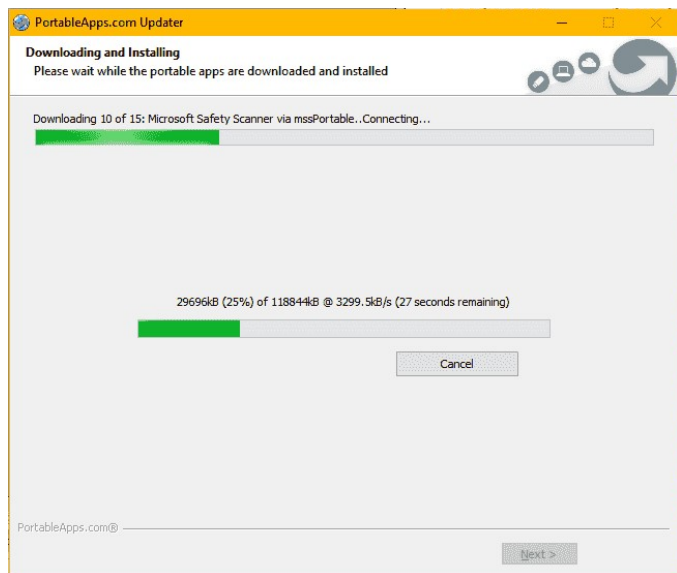

How it works

Apps choice

Startup

```
C:\WINDOWS\system32\cmd.exe
Microsoft Windows [Version 10.0.19045.2965]
(c) Microsoft Corporation. All rights reserved.
C:\Users\tom>d:\start.exe
```

Updates

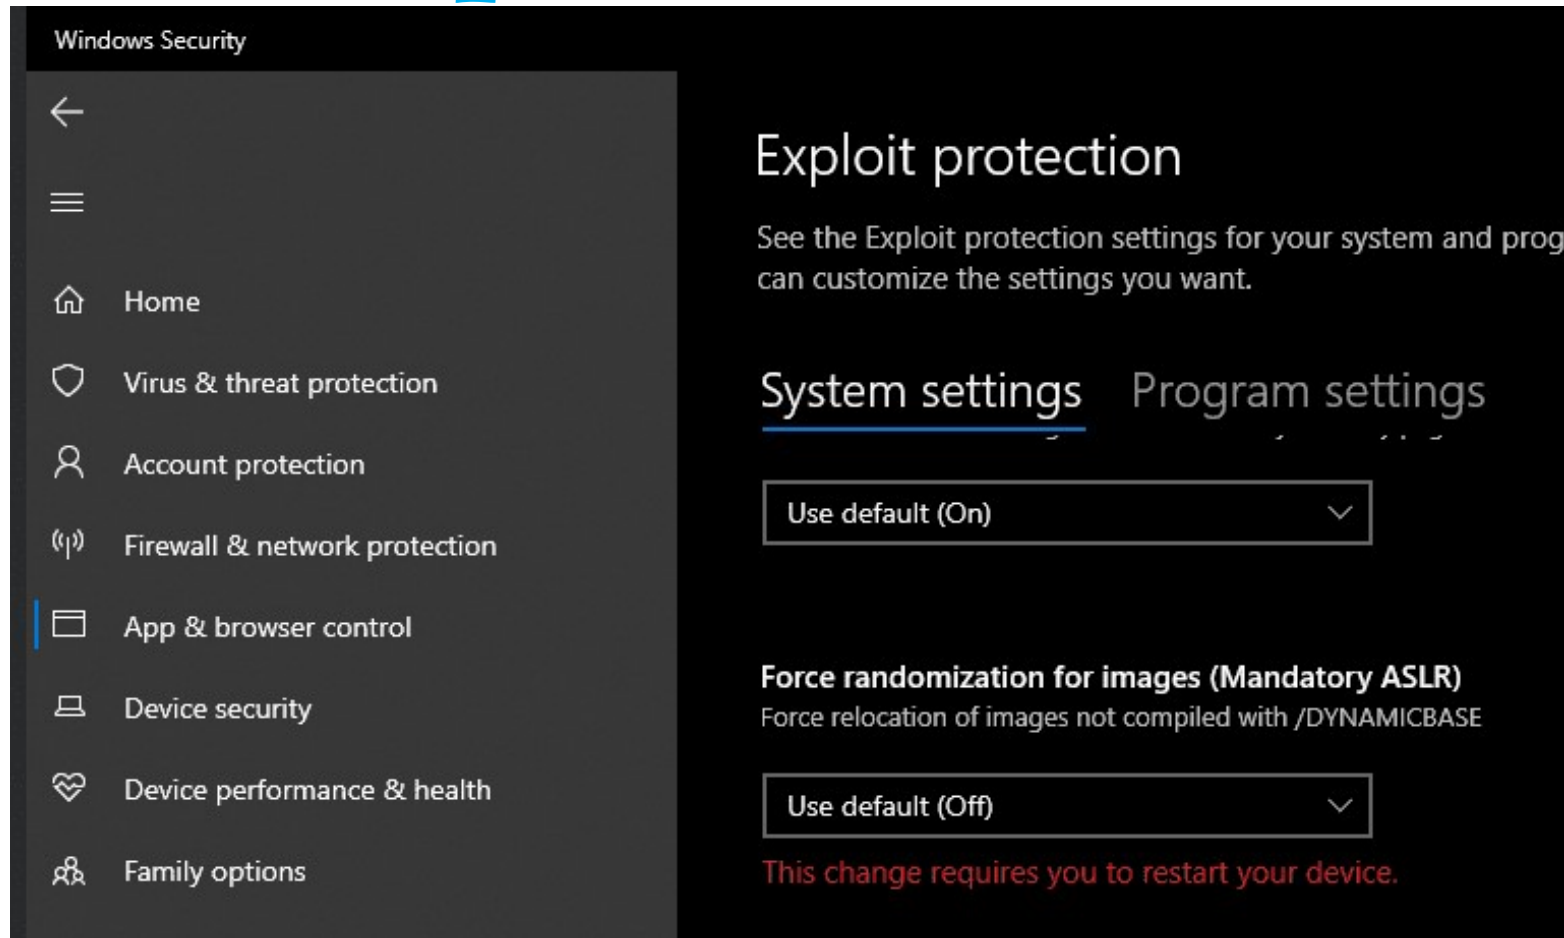

2023 May 10

~ tom

Required

Need to turn off ASLR due to old launcher being used - in windows security
