## Red Flags - Why are these scams?

E-mail domains (**getresponse-mail** and **sendgrid**) are not that of Shoppers Drug Mart

Domain name in URL is **owl.li** (should be <http://www1.shoppersdrugmart.ca/>)  
Use of bait ("We have a surprise")

Unsubscribe links are IP addresses (**89.144.62.29** and **85.93.23.185**)  
(beware of IP addresses – they give no clue as to their destination)
